The look of traditional standing seam integrated with the benefits of an insulated metal panel - a great alternative to field assembled roofing components.

FEATURES AND BENEFITS

- Field seamed, hidden fastener joinery provides maximum protection against the elements.
- The trapezoidal rib design provides added strength against potential foot traffic damage compared to other standing seam roof products.
- The standard exterior metal surface is smooth 26ga G-90 galvanized steel with standard PVDF and SMP exterior coatings (other coatings may be available).
- The standard interior metal surface is embossed 26ga Imperial White.
- The panel arrives on site in one piece and requires a simple one-step installation reducing construction time and costs.

TESTED & APPROVED

All Weather Insulated Panels’ products have been extensively tested under a variety of North American standards:

- FM 4880: Class 1 Fire Rating
- FM 4471: Class 1 Roof Assembly
- CAN/ULC S102: Flame Spread
- CAN/ULC S126: Flame Spread (Roof)
- CAN/ULC S127: Flammability
- ASTM C518/C1363: Thermal Transmission
- ASTM E1646: Water Penetration
- ASTM E1680: Air Infiltration
- ASTM E72: Structural Strength

FLORIDA APPROVED

**R-Value tested in accordance with ASTM C518/C1363 at 40°F mean temperature, adjusted for a windspeed of 15 mph.
